## Wisdom is the Main Thing

Hello, Partners and Friends, grace, peace, and favor to you. I know my daughter, Melissa, normally writes to you. I have some things on my heart that I have been wanting to share and am honored to have the opportunity to write to you this month. It is with great pleasure that I write these words of divine revelation to you believing that you will experience the glory of living supernaturally in a natural world, no longer subject in any way to the imbalance and dysfunction of a world system gone crazy.

It is not difficult to achieve this if we pay keen attention to the words of King Solomon in Proverbs 4:7 – “*Wisdom is the principal thing; and in your getting, get understanding.*” When our loving Heavenly Father was walking daily with His son, Adam, in the Garden of Eden, He began His dealing with Adam regarding the principal issue. The Father highlighted two trees in the garden – The Tree of Life and The Tree of Knowledge of Good and Evil. The Tree of Life is the Tree of Wisdom (Proverbs 3). When Daddy God gave Adam the command not to eat of the Tree of Knowledge of Good and Evil, He was emphasizing the necessity of focusing on wisdom first. All that is life begins with wisdom (God’s understanding and ways of being and doing right). Wisdom is the governor of knowledge. Without wisdom, knowledge becomes destructive. With wisdom, knowledge becomes constructive.

All the problems and devastation we’re facing in our world today is a direct result of Adam not honoring The One that knows more than him, and he ended up exalting knowledge over wisdom, totally ignoring the order of priority between the two. As a result, Adam was left with being affected by external influence through his five physical senses, no inner direction, causing him to be controlled by what he was supposed to dominate. He started living from the outside in and not the inside out. Adam relocated himself from the true control center, the heart, and travelled the 18-inches to the head; running all he did from his intellect, not his spirit.

We see this same fallacious operation in our world today where we highly exalt our educational institutions and experiences and pay little attention to the insight of Divine truth. As a result, we see the trauma this has created in our world. If we would seriously, without debate, compromise, or deviation, make the most important decision to reverse our life’s journey and travel back the 18-inches from the head to the heart, which is the longest distance between failure and supernatural success, all the while paying attention to that inner voice of wisdom crying continuously, it will be amazing how quickly and gloriously the climate of our lives will improve, and we would not be just barely surviving, but thriving, living far above the confusion of this world.

The Apostle Paul put it this way to the Corinthian Church, 2 Corinthians 4:17-18, “*This light affliction is but for a moment, as long as we do not look at the things we see, but look at the things we don’t see. For the things we see are temporary, but the things we do not see are eternal.*”

The Bible is not a religious book. It is the infallible wisdom of God written down on paper. It is also the Handbook of Our Lives.

Pay no attention to it and failure is inevitable. Honor its instructions, the voice of wisdom that is constantly crying out to us, and divine success, victory, and days of Heaven on earth will be the glorious evidences of the life our compassionate Heavenly Father has always desired for us from before the found of the world.

Well, Partners and Friends, remember, your Heavenly Father loves you as much as He loves Jesus!
