MINISTRIES CHURCH

Living Life Right

September 2023

Dear Partners & Friends,

I have a present-day mentor who once said to me, and I quote, “Son, if you’re not enjoying life, it’s because you’re not doing it right!!”

Many people right now are struggling, constantly worried, barely getting by financially, easily upset over the smallest things that don’t go their way, stressed out over their kids, stressed out over their mates, sickness, and disease like we’ve never seen before, leaders of governments behaving as if they have no sense and sensibilities, etc. These are all symptoms of the system of life gone wrong. Family, there are answers to all of this. Every designed piece of equipment comes with a handbook that instructs how to operate that piece of equipment right. We have never realized that divinely designed and created people come with a handbook, too. It’s called The Bible, which most people never read so they’ve been living their lives by chance. It’s not a religious book that one is supposed to have as part of some religious commitment they made called, “Christianity”. Christianity is not a religion on the same level as other religions in this world. Christianity is the family of God where God is the Father and all men and women, regardless of ethnicity, were originally intended to be all sons and daughters in that family. This is why our Lord Jesus said, “Go into all the world and preach the gospel to every creature” (Mark 16:15).

In this is where the problem lies. All men everywhere do not know that we all came from the same Source and are supposed to get along, operating in harmony for the common good (Jeremiah 1:5). They also don’t realize that we are all a three-part being (spirit, soul, & body) designed to operate as one in a two-part system (the unseen spiritual world governing the seen physical world). The unseen spiritual world is governed by wisdom (perfect, complete knowledge of all existence) while the seen physical world is governed by the intellect (which contains imperfect, incomplete knowledge based on what we have discovered so far, which is far cry from what is yet to be discovered).

People are very familiar with the system of intellectual understanding and have very little understanding of the unseen spiritual world of divine wisdom, which is designed to govern the intellectual world. Without this wisdom, the intellect becomes division, awry, and destructive. However, guided by wisdom above, the intellect becomes synergistic and constructive. The definition of death is simply division or separation. The definition of life is oneness, or harmony, which brings increase; herein is the end or beginning of life. When we go after maturing spiritually in the wisdom of God first and place our intellect under wisdom’s indestructible, never-changing authority, we will see the pressures and stresses caused by the division, that we now face, disappear into nothingness and only life, increase, and supernatural success in every area takes its place.

Family, there is so much more to be said about this. We will continue in consequent letters. I pray that this begins to stir a revolution in your life, redirecting you on a path of light where you will begin to experience a piece of heaven right on this earth in the now.

If you’d like to start receiving your Monthly Partner Letter by email, reach out to Tim at admin@crossinthegulf.org.

Also, we are excited to re-kickstart our Christmas project called 'Project Joy!'. The purpose is to collect/purchase toys for children in Belize who normally never see any gift come Christmas time. Due to limited availability of goods in Belize, we will purchase items in the USA and ship down under the ministry's duty exemption benefit. If you would like to be part of this great Joy, you can make an online donation and select 'Project Joy!' or designate your check towards this. We are collecting offerings through September 30 to give time to purchase and ship gifts.

Do you have a testimony of something The Lord has done in your life? You can send it through our Testimony page on our website or send us an email. We'd love to rejoice with you.

Jesus is Lord,

Bishop Rene' Henderson
